Last Friday 9/21, I received a phone call from Jason Wink, about Room 1503 and the mold on the tiles and above the ceiling. It was caused by a leak from the Mechanical room from the 2nd floor. This morning 9/26 – 7:30 AM, met with the East Zone and ARC Abatement. ARC Abatement will get an Emergency notice from the State, and will start Remediation tomorrow 9/27 morning. Expectation is to be finished by Friday 9/28, with Clearance on Monday 10/1. If you have any questions, please call me.
