

**DATE:** April 10, 2014

**TO:** Scot Finch, Principal

**SUBJECT:** Hebron HS - IAQ - Initial Contact - New Field House - Baseball Shower Area

This afternoon 4/9, Jason Wink called me about the mold in the Baseball shower ceiling area. I met him there at 1:30 this afternoon; we concurred to lock that area down. I will be meeting with Southwest GeoScience and Arc Abatement, to remediate the area on the weekend of April 18, 19 & 20. Hopefully, we should get Clearance by Tuesday, April 22. Build back will start that week, and if everything goes right, should be completed by the first week in May.

If you have any questions, please contact me.

Thanks,

Paul
