

Internet Explorer - View PDF in Adobe Reader

If you have problems viewing a PDF in the Adobe Reader DC, you will need to

- have Adobe Reader installed on your computer, and
- configure Internet Explorer to open all PDF files in Adobe Reader instead of the browser window.

Adobe Acrobat Reader DC Download

- 1) Open Internet Explorer.
- 2) Click on Tools >> Manage Add-ons >> Applications.
- 3) Scroll down the list of applications and find all that are “Adobe”.
- 4) Select the “Adobe Reader DC and make sure the Status is “Enabled”.

- 5) Click Close.
