

The Brokerage Store provides an Orthopedic Appliance Benefit that gives the Student/ Athlete 100% coverage, with DJO Global (DonJoy) Products. With some bracing and supports traditionally costing private insurance carriers over \$500-1,000 per brace, you can see the benefit that this package allows the athlete. If the Student/ Athlete has a primary insurance carrier, The Brokerage Store package serves as a secondary option that gives the Student/Athlete a \$0 balance bill to the parents.
